

### **NRTA Honoree Shirley Morrison**

**Shirley Morrison** of the Arkansas City Association of Retired School Personnel was presented the crystal **NRTA With Our Youth! Dedication Award** for her work with **Big Brother and Big Sister**, at the AARSP meeting April 27, 2010, in Arkansas City.

A testament to the lasting impression she has made on the lives of those young people she has worked with can be seen in one particular young woman. After being mentored by Shirley from an 8-year-old third grader - to a married woman - she herself has become a BBBS mentor. What a great legacy!

Shirley's dedication to the young people of Big Brothers and Big Sisters of America is the same kind of dedication you could have found in her classroom for

the 32 years she spent influencing thirsty young minds, as well as throughout her life. Thank you Shirley!
